

KEYNOTE INDEPENDENT THEORY SERVICE

Date ordered: _____

ORDER FORM FOR TEACHING MATERIALS

Date needed: _____

The **KITS Music Theory Course** comes in seven levels, Primary through Step 6, appropriate for school age students. There are student workbooks for every level, and supplemental workbooks for Step 3 through 6. **The KITS Music Theory Curriculum: Step by Step** is available for music teachers, as well as a **Teachers Manual** providing answers keys to the student workbooks. The course, comprehensive as to student level instruction, provides the best preparation for the annual **KITS Music Theory Examinations**, under the management of KITS Director, Dr. Sonja Mihelcic.

Except for the Teachers Manual, all of the above teaching materials are now available online from Amazon and other book sellers. Use this form to order the books in the old covers and bindings, *while supplies last*. In the event that we cannot fill your full order, do not enclose payment with this form. You will receive an invoice with your order, payable on receipt with a check made out to KITS and mailed to the old address below. You may also order books at the old email address: musictheory@verizon.net.

\$ _____ Teachers Manual
_____ @ \$10.00
